Method

1. Prepare your main

For 3 people, prepare 450 g plain firm tofu. Drain and press the tofu in a clean towel for 10 minutes. Cut into 1.5 cm slabs. Wash and prepare the side vegetables; measure the separate portions listed in the steps. Keep raw animal ingredients and their utensils separate from the salad and cooked food.

2. Start the rice

Cook this side alongside the main so both finish together. Rinse 225 g Jasmine rice. Add to a saucepan with the water amount directed on the rice packet, bring to a boil, then cover and cook on the lowest heat for about 12-15 minutes or as the packet directs. Rest covered for 5 minutes, then fluff.

3. Make the regional sauce

Heat 0.375 tbsp neutral cooking oil in a small saucepan over low-medium heat. Add 15 g lemongrass and soften for 2 minutes without burning. Add 0.375 tsp ground turmeric, 30 ml vegetable stock. Simmer gently for 4-5 minutes, stirring, until lightly reduced. Remove from the heat and stir in 22.5 ml calamansi juice, 11.25 g thai basil. Keep warm and serve separately so any crisp coating stays crisp.

4. Grill the main

Heat a grill pan or barbecue to medium-high. Brush the prepared firm tofu with 0.75 tbsp neutral cooking oil. Cook for about 9-15 minutes total, turning carefully halfway and adjusting the heat if it scorches. Cook until hot throughout and browned where appropriate. Follow any longer cooking requirement on the packet. Add the regional sauce after grilling so the seasoning does not burn.

5. Steam the green beans

Trim 300 g green beans. Steam for 5-7 minutes until tender with a little bite; keep warm briefly while finishing the main.

6. Bring the meal together

Keep the fully cooked main with any integrated sauce, plus the fluffy Jasmine rice and steamed green beans, ready for the final hot toss assembly. The sauce for this meal is ground turmeric, calamansi juice & thai basil sauce. Follow the final step below before serving.

7. Toss it hot

Cook the main to the endpoint already in this recipe, then toss it hot with the added ingredients for about a minute. Fold in Rice vinegar, Red capsicum. Check the packet on every bottled sauce. A sauce can contain fish, soy, or wheat even when this plate does not list them. This plate is one satisfying assignment from a seeded SAT search on this device. The same seed repeats it.
